

MINIATURE ALABAMA ADVERTISING JUGS

Bill Garland

mtlongleaf@gmail.com

BEWARE OF REPRODUCTIONS ON THE MARKET

Includes Rarity Guide

Common (Com); Occasional (Occ); Rare (Rare)

Jugs are presented alphabetically according to town. Within towns, jugs are listed alphabetically by dealer/owner or, if no individual is provided on jug, by the product name. Catalog numbers are used to document jugs in my 2009 book “Alabama Advertising Jugs”.

I’m always interested in purchasing jugs missing from the listing or noted as WANTED on the slides

Revised: July, 2023

Attribution of this jug to Montgomery is questioned by many collectors

Syrup containers exist that indicate W.B. Roddenberry in Cairo, Georgia produced this product.

Most the jugs however were dug in and around Montgomery, Alabama
